

TOOL

Interview Template

Instructions:

This is a simple template to construct your own interview script. Start with an initial draft and then update it as you perform interviews and learn what topics and questions are most important.

Intro:

[Insert intro - make sure to provide some context about what you are hoping to learn and why]

Topic 1:

Question:

Notes:

Topic 2:

Question:

Notes:

Topic 3:

Question:

Notes:

Closing:

[Insert closing - make sure to set expectations about what they should expect from you moving forward, if anything]
